## 92nd General Assembly March 19, 2019 – Session Day 65

### TODAY AT THE CAPITOL

The Senate will convene at 1 p.m. and the House at 1:30 p.m.  
Legislative Calendar: [www.arkleg.state.ar.us](http://www.arkleg.state.ar.us)

**\*\*\* CALL TO ACTION \*\*\***

### INTERNET SALES TAX, SINGLE SALES FACTOR, THROWBACK AND NOL

**SB 576** by Sen. Bart Hester, 10 other Senators (including Senate President Pro Tem Jim Hendren) and Rep. Dan Douglas *is expected to be considered this afternoon by the Senate Revenue & Taxation Committee. It will make the Arkansas tax system fairer and more competitive.*

**SB 576** contains major tax policy priorities that have been more than a decade in the making:

#### Require Remote Sellers and Marketplace Facilitators to Collect Sales Tax

- Enforcement of existing tax obligations to pay for state and local services—not a new tax.
- Puts our in-state sellers on equal footing with out-of-state sellers instead of a 10 percent price disadvantage.

#### Extend Net Operating Loss (NOL) Carryforwards to Prevent Double Taxation

- This could potentially help any business in Arkansas. Currently, past years' losses can only be offset against future years' earnings for up to five years (worst in USA).
- This will phase in an increase of the offset period to 20 years—the national standard.

#### Adopt Single Sales Factor (SSF) Apportionment

- Arkansas is one of a declining number of states that still use property and payroll factors to determine taxable income, effectively raising taxes on in-state businesses while giving out-of-state businesses a 50 percent tax cut.
- Arkansas businesses are currently double taxed selling into states with SSF.
- Going to SSF benefits businesses that invest in employees and property in Arkansas—particularly manufacturers, wholesalers, retailers and banks.

#### Repeal the Throwback Rule for Business Income

- Arkansas penalizes businesses that are not taxable in destination states by “throwing back” those sales to Arkansas instead of reflecting the true market state.
- This rule often doubles (or more) tax liability, especially for manufacturers and hurts competitiveness for industrial economic development.

These proposals have been State Chamber policy priorities for more than a decade.

**SB 576** also includes a car wash sales tax exemption and imposes a new car wash water

user fee.

If you haven't already, please contact your **State Senator and ask them to vote FOR SB 576.**

Matt Boch of Dover Dixon Horne PLLC has written a detailed analysis of **SB 576**. You can read the report by clicking this link: <http://www.doverdixonhorne.com/artaxandincentivesupdate/post/major-arkansas-tax-reform-bill-introduced-remote-seller-collection-apportionment-and-nols>

### **MINIMUM WAGE LAW – STATE CHAMBER/AIA PRIORITY LEGISLATION**

**HB 1751, HB 1752 and 1753** by Rep. Robin Lundstrum and Sen. Mat Pitsch *are on this afternoon's House Calendar*. Two of the three bills in this package are designed to mitigate potential cost issues and job losses from the minimum wage increase.

**HB 1751** does NOT seek to amend the minimum wage amounts or create any exemptions. This bill addresses wage and payment requirements, including requiring the employer to pay a discharged employee within seven days of the next regular payday or pay double the wages due. Other provisions include: establishing a two-year statute of limitation, and providing that if an employer is providing wages earned via a pre-loaded debit card, the employee is entitled to at least one free withdrawal for each deposit of wages loaded onto the card. This bill is designed to provide some clarity in employment laws.

The two bills designed to provide some mitigation to businesses, non-profits and teenagers are **HB 1752** and **HB 1753**. These bills seek to mitigate the impact of minimum wage increases set for January 1, 2020 and 2021. These bills do not impact the minimum wage increase from \$8.50 to \$9.25 that went into effect January 1, 2019.

**HB 1752** seeks to increase the size of businesses that qualify for Minimum Wage Act exemption, from those with four employees to those with up to 25. It also seeks to exempt nonprofit entities with operating budgets of less than \$1 million and nonprofit developmental service providers. The purpose is to mitigate the cost increases on small businesses and non-profits.

**HB 1753** seeks to change the language of "student" to people under 20, i.e., teenagers. An age limit would be easier to administer than dealing with proof issues for determining the status of "students." Current law allows full-time students working less than 20 hours during school or 40 hours during off-school time, to be paid 85 percent of the minimum wage. The bill's intent is to freeze the minimum wage for teenagers at \$9.25 and eliminate the 85 percent limit.

Please ask your Legislators to **vote FOR HB 1751, HB 1752 and 1753.**

### **BALLOT INITIATIVE REFORM – STATE CHAMBER/AIA PRIORITY LEGISLATION**

**SJR 10 and HJR 1008** by Sen. Mat Pitsch and Rep. DeAnn Vaught *await consideration in their respective State Agencies Committees*. These identical resolutions would repeal the 30-day signature cure period, move the filing deadline for initiatives and signatures to January 15 and set a deadline to file legal challenges on April 15, both dates in the General Election year. They also would increase the vote majority required by the Legislature to make amendment referrals from a simple majority to a three-fifths (60%) majority and increase the number of counties from which a set number of signatures are required from 15 counties to three-fifths of the counties (45).

There are two similar Joint Resolutions in the Senate. Please make sure your Legislators know **HJR1008/SJR10** were developed by the State Chamber/AIA with the help of the attorneys who represented us in many ballot initiative challenges and in cooperation with the Arkansas Attorney General and Arkansas Secretary of State.

Please **ask your Legislators to vote FOR HJR 1008 and SJR 10.**

### **WEIGHTED CREDIT COURSES – STATE CHAMBER/AIA PRIORITY LEGISLATION**

**SB 478** by Sen. Jane English and Rep. Jana Della Rosa *is on this morning's agenda in the House Education Committee*. It would apply new standards for the Department of

Education in approving courses for weighted credit. It would also allow teachers in advanced placement programs to satisfy requirements by attending a College Board-endorsed training or other similarly rigorous training approved by the department. Finally, it would allow the Department of Education to approve a course weighted for credit if the course exceeds the curriculum standards for a non-weighted credit class or meets or exceeds the standards of a comparable advanced placement class.

## OTHER BILLS WE SUPPORT

### LEGAL – STATE CHAMBER/AIA PRIORITY LEGISLATION

**SB 543** by Sen. Missy Irvin, Rep. Rebecca Petty and others would amend the Uniform Contribution Among Tortfeasors Act, requiring “several” liability to be determined after consideration of the fault of all persons or entities.

**SB 544** by Sen. Missy Irvin, Rep. Doug House and others would change the pre-judgment and post-judgment interest rates from 10 percent per annum to the Federal Reserve primary credit rate in effect on the date on which the judgment is entered plus 2 percent. It would also set the rate for an action on a contract at the rate provided by the contract unless it is less than the above rate.

**SB 545** by Sen. Missy Irvin, Rep. Rebecca Petty and others would limit the recovery of damages for necessary medical care, treatment or services to those costs actually paid by or on behalf of the plaintiff or which remain unpaid and for which the plaintiff or any third party is legally responsible.

*All three bills await consideration by the Senate Judiciary Committee.*

### WORKFORCE DEVELOPMENT – STATE CHAMBER/AIA PRIORITY LEGISLATION

**SB 522** by Sen. Jane English *is on tomorrow's agenda in the Senate Education Committee*. It is being amended to clarify its intent. The bill seeks to amend the duties of the Career Education and Workforce Development Board and renames it as the Office of Skills Development and the Career Education and Workforce Development Board. It also would authorize a voting member of the board to establish a subcommittee that is made up of members relevant to the specific industry in order to better develop recommendations. Finally, it would add one representative from the Department of Human Services, the Department of Correction, and the Arkansas Economic Developers and Chamber of Commerce Executives (AEDCE) as nonvoting members.

### LOW READING ASSESSMENT LEVELS

**SB 349** by Sen. Alan Clark *is on tomorrow's agenda in the Senate Education Committee*. It seeks to create personnel reporting requirements for schools based on [low reading assessment levels](#), revising achievement gap categorical funding and making the school ineligible in year three for funding if no improvements are made.

### HISTORIC REHABILITATION INCOME TAX CREDIT

**HB 1800** by Rep. Andy Davis *is on this morning's agenda in the House Revenue and Taxation Committee*. It seeks to create the Arkansas Major Historic Rehabilitation Income Tax Credit and the Arkansas Major Historic Rehabilitation Trust Fund to be issued by the Department of Arkansas Heritage. The bill would allow an income tax credit only once in a two-year period for each eligible property to be an amount of 25 percent of the total qualified rehabilitation expenses incurred to complete. It also would allow for an income tax credit on properties completed as a certified rehabilitation service after January 1, 2019 for a minimum investment of \$1.5 million and is not receiving a separate tax credit under state law on the same property. Finally, it provides a freely transferable certification of completing for properties designated as undergoing rehabilitation by the Department of Heritage.

## YESTERDAY AT THE CAPITOL

### TAX REFORM

**SB 561** by Sen. Jim Hendren *received a Do Pass recommendation yesterday from the*

*Senate Revenue & Taxation Committee*. It seeks to make changes to various tax provisions and related administrative procedures, enforcement, assessment guidelines, penalties for noncompliance and certain exemptions. It would place administration of the franchise tax with the Department of Finance and Administration rather than the Secretary of State. It would also require the department to report before each regular session to the Legislative Council and the Governor on the effect of each exemption, discount, credit and deduction relating to state income, sales and use tax.

### **PASS-THROUGH ENTITY TAX**

**HB 1714** by Rep. Joe Jett and Sen. Dismang *was placed on the deferred list in the House Revenue and Taxation Committee*. It creates the elective pass-through entity tax act.

### **TOBACCO TAX AND EARNED INCOME TAX CREDIT**

**SB 571** by Sen. Jim Hendren and Rep. Lee Johnson and 16 other Senators and 39 other House members *received a Do Pass as amended recommendation yesterday from the Senate Revenue & Taxation Committee*. It seeks to reduce individual income taxes by creating an earned income tax credit and increased standard deduction to be offset by new taxes on cigarettes and e-cigarettes. The bill sets the effective date tax year beginning on January 1, 2020.

### **PROPERTY TAX ASSESSMENT CHALLENGES**

**HB 1562** by Rep. Stephen Meeks and Sen. Missy Irvin *was amended again yesterday* and is back on this morning's agenda in the House Revenue and Taxation Committee.

### **GOVERNMENT TRANSFORMATION**

**HB 1763** by Rep. Andy Davis and Sen. Bart Hester *was amended yesterday and awaits consideration in the Senate State Agencies Committee*. This is the Governor's plan to transform state government by reducing the number of agency direct reports from more than 40 to 15 new Departments that will be managed by a Secretary. Those 15 Secretaries will report directly to the Governor.

### **SPECIAL ELECTIONS**

**HB 1402** by Rep. Justin Gonzales and Sen. David Wallace *failed on a roll call vote late yesterday afternoon in the House State Agencies Committee*. It would have required any special elections in years with a preferential primary election or general election to be held on those election dates. It would also require special elections in off-cycle years to be held on the Tuesday next after the first Monday in May or the Tuesday after the first Monday in November. Additional provisions include: requiring special elections be announced 75 days prior to election; providing exemptions for special elections to fill vacancies, special runoff elections, or emergency special elections; providing local boards that vote for a tax levy must be approved by voters in the next available election, and makes its effective date contingent upon sufficient funding. We spoke against the bill along with others.

## **BILLS OF INTEREST**

### **ASSESSMENT DISCLOSURES**

**SB 530** by Sen. Lance Eads and Rep. Dan Douglas *is on this morning's agenda in the House Revenue and Taxation Committee*. It would impose disclosure requirements relating to protests and appeals of commercial and industrial property taxes or assessments before county equalization boards, providing that evidence not disclosed within a specified time period will be inadmissible. It would also require the following to be disclosed at least five days prior to an appeals hearing: if the property was occupied or unoccupied at the time of the transaction, and if the property was subject to any use, deed, or lease restriction at the time of transaction that prohibits the property from being used for the purpose of which a presiding structure or building was designed.

### **TAX APPEALS COMMISSION**

**SB 560** by Sen. Blake Johnson *is on the Senate Revenue & Taxation Committee agenda*. It would create the Tax Appeals Commission, separate and apart from the Department of Finance and Administration (DFA), which shall have jurisdiction over any administrative hearing by a taxpayer who seeks administrative relief from a DFA decision. It would

require the Tax Appeals Commission to provide written decisions, including statements of facts, conclusions of the law, and orders to grant relief, invoke remedies and issue orders. It also would require decisions be public in either print or electronic form, allow the Tax Appeals Commission to establish a Small Claims Division, and allow the DFA to seek judicial relief from a decision made by the Tax Appeals Commission.

## **BILLS WE OPPOSE**

### **WAIVER OF JURY TRIAL CLAUSES**

**SB 558** by Sen. Gary Stubblefield *awaits consideration in the Senate Judiciary Committee*. It seeks to repeal the validity of any contractual waiver of rights to a trial by jury, retroactive to March 18, 2018. We oppose this bill.

### **SNAP BENEFITS**

**HB 1743** by Rep. Mary Bentley and Sen. Scott Flippo *is expected to be considered in the House Public Health, Welfare and Labor Committee this morning*. It would prohibit the use of Supplemental Nutrition Assistance Program (SNAP) benefits for purchases of candy, soft drinks, energy drinks and dietary supplements. We oppose this bill.

### **NOTICE TO ADJACENT LANDOWNERS**

**HB 1796** by Rep. Jana Della Rosa and Sen. Cecile Bledsoe *is on this morning's agenda in the House Public Health, Welfare and Labor Committee*. It would require ADEQ to notify adjacent landowners of new applications for permits or modifications to existing permits by certified mail and to consider input received in the department's decision to approve or deny the permit or modification. We are concerned about this bill as it was filed.

### **CONSUMER PROTECTION**

**HB 1704** Rep. Jimmy Gazaway *is on tomorrow's agenda in the House Insurance and Commerce Committee*. It seeks to prohibit unconscionable terms in standard-form contracts, requiring the court to limit the application of terms it finds unconscionable and refuse to enforce the contract in whole or part. The bill also would designate unconscionable terms: that resolution of legal claims take place in an inconvenient venue, a waiver of an individual's right to asset claims or seek remedies provided by a federal statute, a waiver of an individual's right to seek punitive damages as provided by law, a provision that limits the time in which an action may be brought under the standard-form contract or that waives the statute of limitations, or a requirement that an individual pay fees and costs to bring a legal claim subsequently in excess of required fees and costs to bring a claim in state or federal court. Finally it would exempt contracts to which one party is regulated by a regulatory body or officer under statutory state or federal authority, and a financial institution as defined under 23-45-102. We oppose this bill because:

- HB1704 is an effort to invalidate arbitration clauses contained in contracts; these clauses provide that a dispute is taken to arbitration, as opposed to court
- HB1704 not only seeks to invalidate those provisions, but would authorize the Attorney General to file suit against a party for simply placing an arbitration provision in a contract and obtain civil penalties that could run into the hundreds of thousands of dollars
- Arkansas adopted an arbitration act authorizing such agreements many years ago (ACA 16-108-101) and has proven to be a useful form of alternative dispute resolution
- To not only prohibit those provisions, but to go so far as to punish someone for including an arbitration provision is not conservative; it is the exact opposite and is detrimental to those who create jobs and support our economy
- HB1704 is legislation based on the "Model State Consumer and Employee Justice Enforcement Act" developed several years ago by the National Consumer Law Center based in Boston; that organization should not be setting policy in Arkansas
- Finally, the U.S. Supreme Court has ruled that state laws that discriminate against, or disfavor, arbitration provisions are preempted; as a result, HB1704 not only seeks to adopt bad policy, it seeks to adopt policy that the State cannot enforce

### **PHARMACY BENEFIT MANAGEMENT**

**SB 520** by Sen. Kim Hammer *is on this morning's agenda in the Senate Public Health, Welfare and Labor Committee*. This 2019 version of a pharmacy benefit managers (PBM) bill seeks to make various changes to the regulation and licensure of PBMs,

including redefining the maximum allowable cost list and adding a defined professional dispensing fee to the list. It also would require a PBM to report the following to the Insurance Commissioner on a quarterly basis: amount of rebates received, amount of rebates distributed to healthcare insurers, amount paid by the healthcare insurer for pharmacist services itemized by pharmacy, product, and goods and services, and the amount a pharmacy benefits manager paid for pharmacist services itemized by pharmacy, product, and goods and services This report is exempt from the FOIA.

### **FREEDOM OF INFORMATION ACT**

**SB 521** by Sen. Kim Hammer *is on this morning's agenda in the Senate State Agencies Committee*. It seeks to amend the Freedom of Information Act and the definition of public records contained therein to exclude identifying information of donors, potential donors, non-donors or individual donor amounts to a private foundation that receives public funds.

### **DECEPTIVE TRADE PRACTICES**

**HB 1462** by Rep. Jimmy Gazaway *awaits consideration in the House Insurance & Commerce Committee*. It provides that a person has a cause of action for actual damages or injury resulting from deceptive trade practices and may recover those damages and attorney's fees. It also removes the definition of actual financial loss as used for deceptive trade practices. This bill seeks to repeal a bill we filed in 2017. We oppose this bill.

### **INVASION OF PRIVACY**

**SB 230** by Sen. Kim Hammer *awaits consideration in the Senate Judiciary Committee*. It seeks to create a statutory civil action for invasion of privacy, authorizing a person to bring suit for damages and injunctive relief against a person who improperly intrudes into his or her private affairs or publicizes the person in a false light. We oppose this bill.

### **INDEPENDENT CONTRACTOR**

**HB 1850** by Rep. Austin McCollum and Sen. Bart Hester *awaits consideration in the Senate Public Health Welfare and Labor Committee*. The bill seeks to establish the Empower Independent Contractors Act amending the definitions of "employee," "employer" and "employment status" on the basis of a twenty factor test.

At a minimum, we will want to amend this bill. But most likely, we will oppose it outright. There are many different definitions of independent contractor in state and federal law. It can be very confusing for employers and we have discussed this problem for years. But we could never identify a solution that would fix the problem and not cause more confusion. There are two conflicts we can see immediately. First, workers' compensation laws have their own definitions and our workers' comp laws were implemented by an Initiated Act. Therefore, any changes require a two-thirds vote. Second, this bill cannot change federal law. So, even if it were possible to create a single Arkansas definition of Independent Contractor, it would still leave employers open to confusion. Also, creating a 20-factor test to identify an Independent Contractor will be very difficult to establish.

### **NEW BILL TO WATCH**

**SB 597** by the Joint Budget Committee was filed yesterday. It is the Revenue Stabilization bill that prioritizes state spending to assure a balanced budget. This is always the last bill completed in a session.
