STATE CHAMBER/AIA PRIORITY BILLS

HB 1209 by Rep. Joe Jett is a State Chamber/AIA Priority Agenda bill. This bill will help approximately 40,000 Arkansas businesses reduce their federal taxes by an estimated \$50 million or more while generating \$4 million in state revenue. The businesses impacted are those set up as passthrough entities—the owners pay tax at the individual level on their business income. Most businesses are set up this way. Under federal law, businesses can deduct state and local taxes (“SALT”) they have paid without a cap, but the individual SALT deduction is limited to \$10,000 for individuals—this is the “SALT cap.” **HB 1209** would let passthrough businesses choose (elect) to instead pay Arkansas tax at the entity level, as a flat tax at the top rate of 5.9%, such that the Arkansas tax should be 100% deductible for federal purposes. The IRS recently blessed the validity of this approach in Notice 2020-75. Several states have already adopted such options, including Oklahoma and Louisiana, and more are expected to adopt them in the coming year. This bill awaits consideration in the House Revenue and Taxation Committee.

HB 1212 by Rep. Jack Ladyman and Sen. Missy Irvin is another State Chamber/AIA Priority Agenda bill that will help employers by reducing the impact of layoffs due to COVID-19 on their unemployment insurance taxes. The bill allows benefits paid for unemployment to be noncharged to the separate account of each employer in the base period if they are a result of a declared disaster emergency. The impact has a retroactive effective date of April 4, 2020. This awaits consideration in the House Public Health, Welfare and Labor Committee.

BILLS WE OPPOSE

HEALTHCARE

SB 99 by Sen. Cecile Bledsoe and Rep. DeAnn Vaught would require healthcare insurers to base step-therapy protocols on appropriate clinical practice guidelines or published peer-reviewed data developed by independent experts and establishes exceptions from protocols and procedures for requesting them. Based upon information we’ve been given about potential cost increases to health plans, the State Chamber/AIA opposes this bill. This bill awaits consideration in the Senate.

BILLS OF INTEREST

LOCAL BROADBAND

SB 74 by Sen. Ricky Hill and Rep. Brian Evans seeks to extend the definition of a government entity to include consolidated utility districts. It would authorize utility districts to provide, directly or indirectly, voice, data, broadband, video or wireless telecommunications services. This bill passed the Senate yesterday by a vote of 35 to 0 and has been assigned to the House Agriculture, Forestry and Economic Development Committee.
