CLASS PROTECTION BILL – State Chamber/AIA Priority Agenda Bill

Leadership in the Arkansas House and Senate filed **SB622**, a “Class Protection Bill” to **send the message that crimes targeting individuals simply because of who they are will NOT be tolerated in our state.** As you know, we are one of only three states in the country without a law on the books to ensure justice for crime victims who are targeted because they belong to a certain group or class of individuals. We could easily find ourselves the **ONLY** state in the nation without a similar law on the books. **We CANNOT let that happen.**

Please reach out to your legislator, as well as members of the House and Senate Judiciary Committees, letting them know SB622 is critically important – not just for creating jobs, but retaining the ones we have. Please let them know this measure is important to you and your community. Our employees deserve to know their state values equity and inclusion, and that diverse groups throughout Arkansas are both valued and protected under the law.

This bill received a Do Pass recommendation yesterday afternoon by the Senate Judiciary Committee and is on today’s Senate Calendar to adopt an amendment.

Ask your Senator to Vote Yes on SB 622 - It’s important to business and our state.

PLEASE ASK YOUR SENATOR TO VOTE YES ON SB 530

WORKERS’ COMPENSATION – State Chamber Priority Agenda Bill

SB 530 by Sen. Dave Wallace and Rep. Jack Ladyman addresses the issue of subrogation in workers’ compensation cases. The purpose of this bill is to reduce employers’ workers comp costs by allowing a recovery of payments made to an employee

who was injured while on the job and the injury is caused by someone else.

Workers' comp is obligated to pay its benefits regardless of the employee's ability to seek recovery of those benefits and more from the person that caused the injury. Workers' comp must pay all of the injured workers' medical bills and temporary total disability to cover a portion of the employee's lost wages and then the injured employee can make a claim against the person who caused the injury. That claim includes the medical bills already paid by workers' comp and all of the lost wages, of which approximately two-thirds was paid by workers' comp.

This bill has been referred back to the Senate Public Health, Welfare and Labor Committee.

Ask your Senator to **Vote Yes on SB 530 - It's important to business.**

The State Chamber/AIA supports this bill.

MODERNIZED UNEMPLOYMENT INSURANCE SYSTEM

HB 1765 by Rep. Robin Lundstrum would authorize a diversion of a set portion of existing revenue from unemployment insurance (UI) taxes to be spent on modernizing the state's UI computer system. The system dates back to the 1960s and uses Cobol programming. We believe it is important for this system to be upgraded. The bill also sets forth some actions to address fraud issues.

This bill received a Do Pass recommendation yesterday from the Senate Public Health, Welfare and Labor Committee and is on this afternoon's Senate Calendar.

The State Chamber/AIA supports this bill.

EMPLOYEE TRAINING

SB 627 by Sen. Trent Garner would place limitations on the content of state agency employee training based on a given definition of divisive concepts. It applies a provision to all contracts that requires a statement by the contractor that they will abstain from certain training concepts. It would also require the heads of all state entities to review their respective grant programs and may require the recipient to certify that it will not use state funds to promote a divisive concept and require training materials to be reviewed by the Department of Transformation and Shared Services for compliance. The provisions of this bill will apply to private businesses.

This bill is on this afternoon's agenda in the Senate State Agencies Committee.

We have concerns about this bill.

HIGHWAY REVENUE INTEREST INCOME

HB 1782 by Rep. Rick Beck and Sen. Mark Johnson would add workforce development grants in the transportation field to the list of eligible projects for use of highway revenue interest income.

We oppose this bill.

REPEAL OF ARKANSAS WORKS

PHARMACY BENEFITS MANAGEMENT

HB 1804 by Rep. Brian Evans and Sen. Ron Caldwell seeks to make changes to the Arkansas Pharmacy Benefits Manager Licensure Act.

This bill is on today's Senate Insurance and Commerce Committee's agenda tomorrow.

We oppose this bill because it will shift costs to employers and employees .

FIREARMS IN VEHICLES ON BUSINESS PARKING LOTS

SB 555 by Sen. Alan Clark seeks to repeal and replace the subsection that prohibits employers from restricting the storage of firearms inside employees' cars in an employer parking lot. It exempts parking lots owned by the Department of Corrections or an entity contracting with a division of the department to provide work release or post-incarceration housing services. It provides that an employer has the right to prohibit firearms for the following circumstances: a person who is not an employee storing a firearm in an employee's vehicle, having a firearm if the employee is using an employer-owned vehicle, the employee is the subject of an active or pending employment disciplinary proceeding, and from bringing a firearm on a parking lot if the premises is being used for residential housing.

This bill is on today's agenda in the House Judiciary Committee.

NEW BILLS

RELEASE OF TAXPAYER INFORMATION

HB 1868 by Rep. Delia Haak would expand exceptions to provisions for the confidentiality of tax records to include data related to sales and use tax revenues generated in a political subdivision that requests the data from the Department of Finance and Administration.

HB 1873 by Rep. Howard Beaty, Jr., Rep. Rick McClure and Rep. Jon Milligan would require the Department of Finance and Administration to include the taxpayer identification number and the total amount of sales tax collected for the year by each vendor in a vendor list requested by a county or city.

LOCAL ELECTIONS

SB 635 by Sen. Bart Hester and Rep. David Ray seeks to set the date for most special elections as the presidential preferential primary date or the general election date in a year in which those elections are held, otherwise on the third Tuesday in May or the Tuesday after the first Monday in November. It requires the calling to set a special election be filed

at least 75 days before the date of the election. It exempts special elections to fill vacancies in office, special runoff elections, local option elections, special elections provided for by the Arkansas Constitution, or emergency elections, including if a delay of the election would cause an undue hardship to the governing entity.

This bill is identical to **HB 1368**, which was defeated twice on the House floor earlier in the session.

This bill has been referred to the Senate State Agencies Committee .

We oppose this bill, and we view **SB 496** as an acceptable approach to changing the local Special Election laws.

TOMORROW'S BILLS

PARTISAN LOCAL ELECTIONS

SB 1655 by Rep. Clint Penzo and Sen. Bart Hester would require county party committees to conduct party primaries for municipal offices unless the municipal governing body passes a resolution for nonpartisan elections for the forthcoming year.
