NEW TRACKED BILLS

We began tracking [9 additional bills](#) today.

Retail Incentives

HB 1841 by Rep. Lee Johnson

We oppose this bill, which seeks to allow economic development incentives to be applied to local retail projects. We opposed a similar bill, **SB 493**, that did not receive a motion in the Senate Agriculture, Forestry and Economic Development Committee last week. **HB 1841** has better thresholds than **SB 493**, but economic development theory does not support incentivizing local retail projects.

SB 493 is on this morning's agenda Senate Agriculture, Forestry and Economic Development Committee.

HB 1841 has been assigned to the House Agriculture, Forestry and Economic Development Committee.

Unemployment Insurance

HB 1840 by Rep. Wade Andrews and Sen. Matt McKee

This bill provides that if a person commits fraud to obtain an overpayment of \$1,000 or more in unemployment benefits, then the person is disqualified from receiving unemployment benefits for ten years.

This bill has been assigned to the House Public Health, Welfare and Labor Committee.

Train Length

HB 1837 by Rep. Vivian Flowers

We oppose this bill, which seeks to prohibit certain railroad trains from exceeding 8,500 feet in length. It would allow the Department of Transportation to impose administrative

penalties for violations and give the state Highway Commission jurisdiction over the operation/movement of railroad trails.

This bill has been assigned to the House Public Transportation Committee.

STATE CHAMBER/AIA PRIORITY BILL

Throwback Rule Repeal

HB 1045 by Rep. Howard Beaty and Sen. Ben Gilmore

We support this bill, which is part of our priority agenda and seeks to repeal the throwback rule. This is a complicated tax rule that allows Arkansas to charge income tax on products that are made in Arkansas but are sold in states that do not charge income tax on the transaction for whatever reason.

This bill will be considered this morning in the House Revenue and Taxation Committee.

BILLS WE SUPPORT

Criminal Justice – Public Safety

SB 495 by Sen. Ben Gilmore and Rep. Jimmy Gazaway

This is Governor Sanders' Protect Arkansas plan, which we support. This is a comprehensive prison reform bill that calls for \$470 million for 3,000 new state prison beds and \$20 million to recruit new corrections officers. **SB 495** would also mandate that prisoners convicted of violent offenses such as capital murder, first-degree murder, rape (and a list of other violent offenses) serve 100 percent of their sentences. The new prison beds are needed to alleviate a backup of more than 2,000 state prisoners now housed in local jails.

This bill is on today's agenda in the House Judiciary Committee.

Arkansas Adult Diploma Program

HB 1529 by Rep. David Ray and Sen. Breanne Davis

We support this bill, which seeks to establish the Arkansas Adult Diploma Program. It would require the Department of Education to annually issue a request for public, nonprofit, or other entities to apply to become approved program providers in the Arkansas Adult Diploma Program. It would also require the Department of Education to announce the approved program providers no later than October 15 annually. An approved program provider may begin enrolling students starting no later than November 15 of each year.

This bill passed the House yesterday 88 to 5.

BILLS WE OPPOSE

Workers' Compensation

HB 1611 and 1612 by Rep. Josh Miller and Sen. John Payton

We oppose these bills, which seek to allow attorneys' fees on medical benefits (**HB1611**) and eliminate disability benefit caps (**HB1612**).

These two bills remain on the House Public Health, Welfare and Labor Committee agenda.

Career and Technical Courses

SB 470 and SB 369 by Sen. Jim Dotson and Rep. Rick Beck

These bills seek to require the Division of Career and Technical Education to review new and existing career and technical pathways to determine which courses meet criteria for weighted credit and publish a list of approved pathways annually.

We oppose these bills because they weaken Arkansas's nationally leading computer science education requirement.

These bills are on the House Education Committee agenda.

Pharmaceutical Executives – Felony for Drug Misinformation SB 7 and SB 8 by Sen. Bryan King

We oppose these bills because of the precedent they would set in creating a felony for actions by corporate executives. We also have concerns about the bills' attempt to apply Arkansas criminal law to individuals who are not in Arkansas. **SB 7** applies to prescription drugs, and **SB 8** applies to vaccines.

These bills await consideration in the House Judiciary Committee

Healthcare Mandate Bills with Cost Concerns

There are a series of pending health care mandate bills. Although these bills are well intentioned, they will raise healthcare costs on fully insured plans used by individual consumers and small businesses. A health insurance provider has provided us with the following cost estimates on these bills.

HB 1261 by Rep. Lee Johnson would mandate coverage for ambulance service to triage, treat and transport a patient to alternative destinations. The estimated cost is \$4.5 to \$6.8 million.

This bill passed the House yesterday afternoon 94 to 0.

HB 1252 by Rep. Lee Johnson would require coverage for prosthetic devices for athletics or recreation and prosthetic devices for showering or bathing.

This bill remains on the Senate Calendar.

SB 181 by Sen. Kim Hammer would mandate coverage for use of IVIG PANS/PANDA. The estimated cost is \$14.5 million, but this amount would double if the adult population is included.

This bill passed the Senate yesterday 35 to 0 and has been assigned to the House Insurance & Commerce Committee.

SB 137 by Sen. Missy Irvin would mandate coverage for necessary maxillofacial services. The estimated cost is \$7 to \$9.4 million.

This bill awaits consideration in the Senate Insurance & Commerce Committee.

YESTERDAY'S BILLS

Franchise Law Revisions

HB 1783 by Rep. Jeff Wardlaw and Sen. Ricky Hill

An agreement was reached on this bill last evening, and it received a Do Pass recommendation from the House Insurance and Commerce Committee. It addresses the relationship between franchisors and franchisees.

This bill is on today House Calendar to adopt the amendment that was agreed to last evening.
